

Music  
round

Special  
themed week

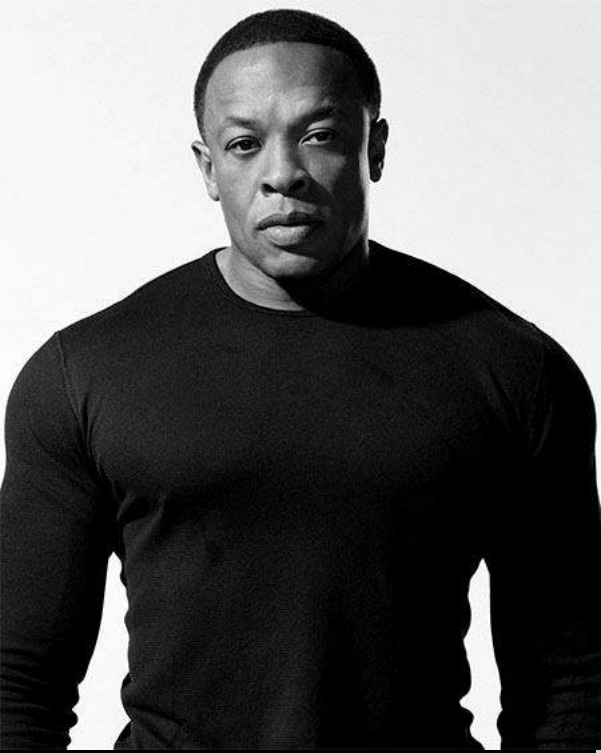

1. The first letter of the  
five acts spell out the  
theme of this quiz.  
What is it?

Bonus: The sixth act has a  
connection – who's the  
musician and what's the  
connection?

2. What thing unites the following three music acts? (Saying they're all male isn't good enough.)

Bonus: Name at least two of the acts.

3. Answer Smash: combine the  
artists/songs (numbers 1-4)  
with the words (A-D)  
eg Dusty Springfield /  
Fields of Gold

Bonus: Name the artist in  
the first picture.

- A: Covid
- B: NHS
- C: Pandemic
- D: Virus

4. Match up the bad  
hairstyles  
with the artists.

Bonus: One of the acts has a  
particular lyrical link to  
fever – which one?

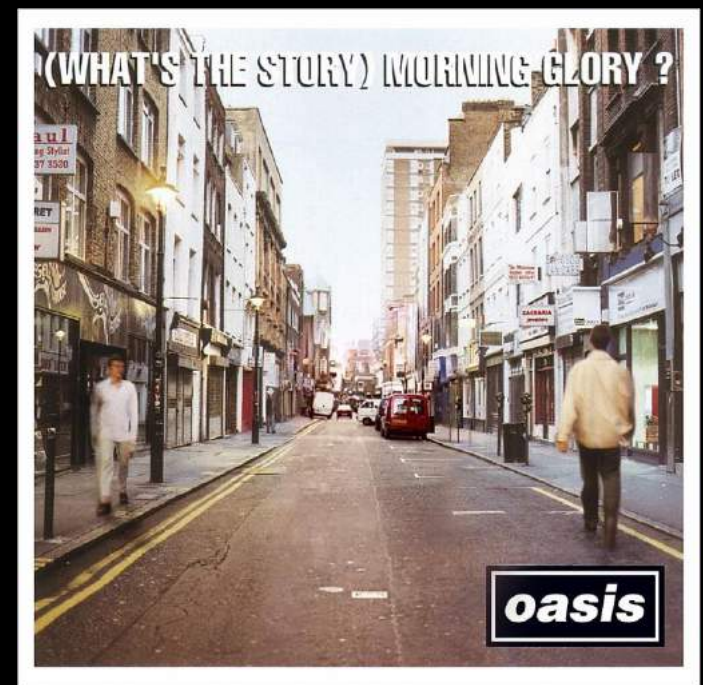

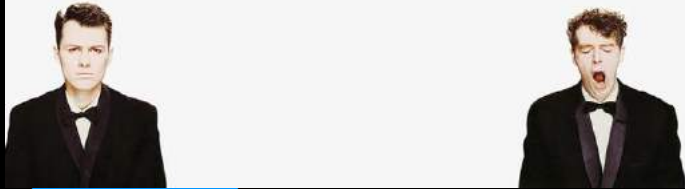

1. A...M...
2. J...B...J...
3. T...T...
4. H...S...
5. T...

5. What theme connects  
the six albums?

Bonus: Name one of the three  
music acts whose name is  
hidden.

Pet Shop Boys, actually.

Culture Club, OMD, Village  
People, Iggy Pop, Duran  
Duran all spell **COVID**  
...and for a bonus, the other  
artist is Paul Hardcastle,  
whose big hit was **'19'**.

A: Alanis Morissette

B: Harry Styles

C: Toyah Wilcox

D: Jon Bon Jovi

E: Thompson Twins...

...and the Thompson Twins  
sung:

"Doctor, Doctor, can't you  
see I'm burning, burning..."

The theme that connects all the albums is that the people on the cover have all started to **socially distance** – they were closer on the original cover!

For the bonus, from left to right: B52s, Fleetwood Mac, Kraftwerk
