SUMMER ACTIVITIES

The clubs and activities we've listed here are based on some internet research of what's on. We're not endorsing these over other activities – they're just examples of what's out there.

Do seek assurance that the provider is carefully considering protective measures, and only use those providers that can demonstrate clear, sensible safeguarding measures are in place. The government has produced guidance for providers:

<https://www.gov.uk/government/publications/protective-measures-for-holiday-or-after-school-clubs-and-other-out-of-school-settings-for-children-during-the-coronavirus-covid-19-outbreak/protective-measures-for-out-of-school-settings-during-the-coronavirus-covid-19-outbreak#communicating-with-parents>

To help reduce the spread of Covid-19, we strongly recommend you limit as far as possible the number of clubs your child attends, ideally sticking to one. This is especially important towards the end of the school holidays, so there's only a small chance of infection in school. This matches government guidance for schools:
